We know times are tough right now. As a way to help you potentially earn more in 2023, we're offering 2 years of *Stock Advisor* for just \$89 — that's **\$309 worth of savings**.

If this massive new member discount isn't enough to convince you that *Stock Advisor* is right for you, just take a look at all the things members get when they sign up today.

\* **COMPLIMENTARY REPORT: 15 Stocks To Buy in 2023 and Hold For The Long-Term:** Our most comprehensive report of the year to set investors up for success. Included are write ups on 15 different stock picks in 5 different categories — dividends, multibagger, growth stocks, value and energy. We cannot emphasize enough how valuable this report is for investors at all stages.

\* **2 New Picks Each Month:** Dollar cost into the market with timely picks. Get 2 new stock picks every month with thorough write ups, bull and bear cases, and more. On average, *Stock Advisor* recommendations have returned over 345%.

\* **Allocator Tool:** Create a plan for how to allocate your money based on your risk tolerance, time horizon, and more with our detailed and customizable allocator tool.

\* **Interactive Simulator:** See how your money could perform by using our interactive simulator to see the probability that a portfolio would have made money over time while holding a given number of stocks, based on the historical performance of random Motley Fool stock picks.

\* **Customizable Watchlist:** Track performance, stay up to date, and receive buy and sell alerts straight to your inbox with our customizable watchlist tool.

\* **Interactive Community Forum:** See what other investors have to say about your favorite companies and chat with fellow Fools on our community forum.

**\*Motley Fool Live:** Each weekday, we're live covering market news, stock deep dives, special guest interviews and more! Join us for our member-only live streams.

WHEW!

That's a lot more than just a few stock recommendations here and there ...and you get it all INCLUDED when you try the *Stock Advisor* for less than \$1 a week on a two-year term

It's pretty dang expensive to research stocks these days.

A Morningstar Subscription runs **\$249 a year**.

A MarketBeat subscription will run you **\$199 a year**.

A Zack's subscription costs **\$249 a year**.

Bloomberg will run you **\$299 a year**.

But, you can get access to *Motley Fool Stock Advisor* for less than a dollar a week, and you won't just get our latest stock research and picks. You'll also get:

\* **FREE REPORT: 15 Stocks To Buy in 2023 and Hold For The Long-Term:** Our most comprehensive report of the year to set investors up for success. Normally we charge \$199 a year to access all these features and our recs — still a steal when you compare it to all the other services we mentioned above.

But today, you can [get access for just \\$89 for 2 years](#) — that's less than \$50 a year.

Just remember, our average rec is up 345%, more than 3X higher than the S&P 500 over the same period.

Don't spend more time on the sidelines watching other people make money. See our latest rec today.
